

HOW TO PREPARE YOUR ART FOR AN EXHIBIT

The Gallery cable system requires certain hardware on your frames. Please take a moment to make sure your art is properly prepared.

D-Rings or screw eyes are screwed into the wooden frame.

FOR WOOD FRAMES:

Wire is to be installed with **d-rings or screw eyes**.

Make sure your d-rings or screw eyes are in the wood securely. Attach the hardware about 2 inches down from the top of the frame or canvas. It must hold the weight of your art. Tie and twist your wire so it will not pull out.

Please do NOT use saw tooth hangers.

Supplies: D-rings, screws, wire from frame or hardware store. (The wire may be plastic coated.)

Screw in Hanger
for Metal Frame

FOR METAL FRAMES:

Wire is to be installed with **“screw in hanger”** hardware that slides into the frame rail. Screws are used to

NOTE: We need volunteers to mat, frame and wire the children's art that will hang at St. Rose and the Galleria Mall.
